EDUCATION

San Jose State University
B.S. Software Engineering

San Jose, CA
Expected May 2028

Relevant Coursework: CS146 Data Structures & Algorithms, Assembly Language Programming
Transfer: De Anza College

SKILLS

Languages: JavaScript, TypeScript, Java, Python, HTML/CSS

Frameworks & Libraries: React, Next.js, Node.js, Express, Framer Motion, Tailwind CSS

Tools & Platforms: PostgreSQL, Supabase, Git, Vercel, Railway, Render, PyTorch, ONNX

PROJECTS

Digit Classifier

PyTorch · ONNX · React · Python · Vercel | digit-classifier-ten.vercel.app

- Trained a CNN from scratch on 60,000 images (MNIST), achieving 99.2% test accuracy
- Exported model to ONNX and integrated with a React frontend for real-time in-browser inference — no server required
- Users draw a digit on a canvas and receive a live prediction with per-class confidence scores

Finance Dashboard

React · Node.js · PostgreSQL · Supabase · Vercel | expense-tracker-three-hazel-55.vercel.app

- Built a full-stack personal finance app for tracking expenses, income, and assets with real-time charts
- Designed and implemented a REST API with Node.js/Express backed by PostgreSQL hosted on Railway
- Deployed frontend on Vercel and backend on Render with Supabase for auth and database management

Marketplace App

Next.js 14 · TypeScript · Tailwind CSS · React

- Built a Mercari-inspired marketplace with browsing, item detail pages, and listing creation
- Leveraged Next.js 14 App Router with TypeScript for type-safe, server-rendered pages

EXPERIENCE

Sales Associate

Jun. 2024 – Present

Away | San Jose, CA

- Advise customers on product selection across a full luggage and travel accessories line, consistently meeting monthly sales targets
- Resolve customer issues and process transactions efficiently in a high-traffic retail environment

Swim Instructor

May. 2024 – Jun. 2024

Waterworks Aquatics | San Jose, CA

- Taught swimming lessons to students ranging from toddlers to adults, adapting instruction to individual skill levels

Sales Associate

Oct. 2020 – Apr. 2024

Daiso Japan | San Jose, CA

- Assisted customers, maintained store organization, and operated POS systems in a fast-paced retail setting
